

# CHLORINE FREE POOL SYSTEMS

If you are a new customer, before ordering any of our products, we need you to send us a bottled sample of the water from your pool or hot tub so that we can test your water. Instructions for sending sample:

- Make sure to bottle at least 10 oz of water
- Make sure the container is clean before filling it with the water sample from your pool
- Please secure the lid of the sample by securing it with tape.
- Place the sample in a zip lock bag
- **Mail or ship to:** Chlorine Free Pool Systems 35531 Royalton Road, Grafton, Ohio 44044

Additionally, we also need you to submit pictures of your filter and pump showing the labels as shown in this sample. They should accompany your water sample and this form or you can email them to [sample@ChlorineFreePoolSystem.com](mailto:sample@ChlorineFreePoolSystem.com). Please make sure if emailing to include your name and phone number. Please put Chlorine Free Pool Systems Pictures in the subject line.

Fill out this form and send it with your water sample.
